Read the following text and answer the questions that follow:

People with a cold, a fever, or the flu often go to the doctor for help. But many people in our country also use home remedies for common illnesses.

Cough

For children's cough, grandmas give two tea-spoons of basil leaf/tulsi juice with one spoon of honey. It works excellent.

Some people take grape juice and honey too. It is also good for dry cough.

Hot milk with honey is also useful in cough problems.

You can take ginger tea which is also a useful home remedy for cough.

Cold

Lemon juice is good for any cold because it contains vitamin C. Vitamin C increases body resistance.

Lemon juice, hot water and honey together work well in healing common cold.

Toothache

In normal toothache, keep a clove in your mouth. Place it in between the aching teeth and suck on it. You can even apply clove oil on the affected tooth.

Garlic also cures toothache. Place a clove of garlic on the aching tooth and munch mildly. Its juice will work as a relief.

A pinch of pepper powder mixed with common salt works well on the aching tooth. It's especially effective against the increased sensitiveness of the teeth.

Headache

Eating apples gives good result in headaches. While eating, add a little salt to it.

When headache is caused by cold winds, cinnamon works the best. Make a paste of cinnamon by mixing in water and apply it on your forehead.
